

Job Description

Architectural Technician

LAR Housing Trust is a Scottish Charitable Incorporated Organisation (Scottish Charity number SC044825)

POST: Architectural Technician

RESPONSIBLE TO: Managing Director, Lar Projects Limited

LOCATION: Buchan House, Enterprise Way, Dunfermline

REMUNERATION: Negotiable

HOURS: Full-time

1. Background

Lar Housing Trust is a Scottish Charitable Incorporated Organisation which builds homes where people can put down roots and live affordably within their communities.

Lar Housing Trust is a dynamic, innovative charity, set up in 2015 to build and then rent affordable homes across Scotland. Nearly seven years old, Lar now has 665 homes over 29 developments spread as far apart as Aberdeen, Edinburgh, East Lothian, Glasgow and Ayr with a team of nearly 30 people.

Lar also has two subsidiary companies: Lar Projects Ltd and Lar Operations CIC which build and maintain properties for Lar.

Due to expansion, Lar is now looking for another Architectural Technician to be based at Lar's head office in Dunfermline. This is a really exciting opportunity to work with a friendly and proactive team who focus on building homes which complement and foster the communities around them. As Lar then keeps most of the homes it builds, you will have the pleasure of seeing the joy that a good quality affordable home can bring to people's lives.

2. Role

You will assist Lar's in-house architectural and survey teams in producing and developing drawings for submission for planning permission and building warrant, liaising with consultants and relevant local authority planning and housing officers. The role may also contain an element of project management of sites under construction, depending upon the successful candidate's experience.

Lar has a fast paced, energetic working environment with a friendly, cohesive team ethos. Lar currently has 13 sites within its ownership, spread across Scotland along with 29 completed sites which have already been developed within the last six years. These sites are diverse in nature and present a varied and interesting workload, ranging from significant refurbishment and conversion projects to bespoke new build developments.

This is an extremely exciting opportunity to join a highly proactive capable small team, with a flexible and output driven attitude.

Lar is an equal opportunities employer and fosters an inclusive climate.

3. Competencies

The candidate is expected to have a relevant qualification in architectural services and be fully proficient in the use of autocad software. The candidate should also be able to demonstrate the following competencies:

- Delivery focus
- Professionalism
- Team working
- Flexibility

4. Applications

A current CV (including 2 references) together with a personal statement/covering letter should be submitted to: info@larhousingtrust.co.uk by 5pm on 20th June 2022.

For further information regarding Lar or this role, please email info@larhousingtrust.co.uk or telephone 01383 630190.
